Desired Outcome:

A comprehensive and useful exchange of information between forest scientists and forestry workers and professionals

Objectives:

- Provide an overview update on the activities and projects of the Canadian Ecology Centre - Forestry Research Partnership

- Communicate the results of science and research projects and their application to forest managers, planners, technicians and other operations and field staff in industry, government, sustainable forest licensees, and to forestry consultants and contractors
- Create an opportunity for open dialogue between and amongst forest scientists, researchers, and forestry sector workers and professionals

Tuesday, January 27th, 2004 - Day 1

Noon – Lunch (provided)

1:00 p.m. – Welcome, Introductions, House Keeping (Jen Girard)

1:10 p.m. – State of the Forestry Research Partnership (George Bruemmer)

1:30 p.m. – White Pine Competition Study Update (Doug Pitt)

2:00 p.m. – Response of White Pine to Release Project Update (Andrée Morneault)

2:30 p.m. – Cartier Lake White Pine Initiative - Petawawa Research Forest (Darwin Burgess)

3:00 p.m. – Break (refreshments provided)

3:30 p.m. – NEBIE Project (Wayne Bell)

4:00 p.m. – Special Outdoor Canadian Ecology Centre Activity

6:00 p.m. – Dinner (provided)

7:30 p.m. – New Brunswick Experimentation (Doug Pitt)

9:00 p.m. - Adjourn

Wednesday, January 28, 2004 – Day 2

7:00 a.m. – Breakfast (provided)

8:30 a.m. – Modeling Ontario's Stand Succession and Yield (MOSSY) (Fred Pinto)

9:00 a.m. – Benchmark Yield Curve Project Update (Margaret Penner)

9:30 a.m. – Patchworks - Spatial Modeling Update (Tom Moore)

10:00 a.m. – Break (refreshments provided)

10:30 a.m. – Large Scale Photography Project (Kim Chapman)

11:00 a.m. – LiDAR Project (John Pineau)

11:30 a.m. - Jack Pine Decision Support System Project and Jack Pine Product Value Project Updates
(Tony Zhang)

Noon – Lunch (provided) and Canadian Ecology Centre Outdoor Activity

1:30 p.m. – Red Pine Commercial Thinning (Atomic Energy of Canada Ltd.) (Darwin Burgess, Tony Zhang & Margaret Penner)

2:00 p.m. – Ontario Research Sites Database Project (Janette Desharnais)

2:30 p.m. – Synthesis of Tolerant Hardwood Research (Bill Cole)

3:00 p.m. – New Strategic Direction for Extension and Education at the Canadian Ecology Centre – Forestry Research Partnership; Discussion of Up-coming Extension Events - 2004 (John Pineau)

Workshop End Product:

The Canadian Ecology Centre – Forestry Research Partnership will produce a multi-media CD-ROM complete with presentations, video clips, digital photos and helpful supplementary material within 10 working days of the Seminar.
